DRAFT — RESIGNATION LETTER (PRIVATE)

From : Niamh O'Sullivan
To : Brendan F. Crowley, Chair of the Board, Sentinex IAM Ltd
Cc : (none — strictly to chair until accepted)
Date : 2026-03-15

Brendan,

I am writing to give you the courtesy of advance notice. I intend to tender my resignation as Chief Financial Officer of Sentinex IAM Ltd, effective on a date no later than 2026-05-31, with the precise timing to be coordinated to minimise disruption to the Series B close.

This is not a decision I have arrived at lightly, and it is not driven by any single event. But I want to be candid with you, since the board deserves it:

1. I raised the IR-2025-066 audit-trail-token sprawl concern in writing on 2025-08-14 (memo attached). I asked twice that the break-glass token rotation policy be on the Risk Committee agenda. It was de-prioritised in favour of dataroom prep. I accept my share of that decision — I did not escalate it to a formal dissent in the minutes, and I should have.
2. The conversations we have been instructed to have with Avoncrest in light of IR-2025-091 sit awkwardly with me. The carve-outs Walsh Lawless are scoping in the indemnification representations cross a line I am not willing to sign my name to as a fiduciary.
3. I am also conscious that HelvetiaPay's Lukas Brunner has now formally requested that we cease to be a Tier-3 vendor on their risk register and migrate to Tier-1 (their internal finding S-05). Three other federated tenants are signalling the same. The remediation cost the platform team is privately quoting (~EUR 4.4 M over 2026) is, in my view, materially understated relative to the Q1 forecast we delivered to the board on 2026-01-22, and certainly to the figures appearing in the Series B memorandum (doc-id SNX-DR-2025-IM-04, rev 7).

I would propose we agree the following:

- (a) my resignation is announced post-close, and only post-close;
- (b) until then I continue to honour all CFO responsibilities, including signing the Avoncrest disclosure letter, with my mental reservations recorded privately to outside counsel under privilege;
- (c) I will assist with the search for my successor; the names I would put on a shortlist are Aoife Devlin (currently CFO at Druid Therapeutics) and Sinead O'Reilly (formerly Stripe Ireland, now consulting).

I will be on the Aer Lingus 09:25 to Heathrow on Wednesday — happy to talk before I board, or that evening when I'm back.

Niamh
